12-04-2022

COMPLETION REPORT

National Education Policy 2020 has been announced on 29.07.2020. The National Education Policy 2020 proposes various reforms in school education as well as higher education including technical education. A number of action points/activities for implementation in school education as well as higher education are mentioned in the National Education Policy 2020. To discuss these points and stages of the New Education policy the Cluster Unite decided to organize One Day National Seminar on New Education Policy 2020 in an Online Mode

Resource person for the Seminar were Prof. Sudhar Mankar (Senior Educationist) and Dr. Shamrao lawand (President- Maharashtra University Teachers federation)

The NEP 2020 is the first education policy of the 21st century and replaces the thirty-four year old National Policy on Education (NPE), 1986. Built on the foundational pillars of Access, Equity, Quality, Affordability and Accountability, this policy is aligned to the 2030 Agenda for Sustainable Development and aims to transform India into a vibrant knowledge society and global knowledge superpower by making both school and college education more holistic, flexible, multidisciplinary, suited to 21st century needs and aimed at bringing out the unique capabilities of each student.

Bharat Mahavidyalaya, Jeur hosted this National Seminar via Google meet which was attended by 223 participants.
