GENDER AUDIT REPORT: 2020-21 & 2021-22

Principal's Message

I am pleased to deliver my message on the occasion of the release of the 'Gender Audit' report. Working at Yashwantrao Chavan College and being a part of the *Vidya Vikas Mandal* is truly a blessing. It is my honor and privilege to write to you as your Principal.

Yashwantrao Chavan Mahavidyalaya is one of the esteemed educational institutes in Solapur district. Imparting the higher education for rural area students in an affordable cost is the vision of the college. For enhancing the quality education, the college strives to work in the light of core values of NAAC. Human resource development, capacity building of individuals, skill development, use of ICT in learning, serving for the cause of social justice, ensuring the equity, preparing the students to face global challenges are our prime concerns on which we work. Our faculty members have been working on board of studies and contributing in syllabi framing. We have full proof mechanism for teaching-learning and for that good infrastructure. We take care of students' grievances and support them in various ways.

I know that infrastructure and an attractive building alone do not create a desirable education. A strong manpower with excellent professional skills and good knowledge of the global world makes the college perfect. Our teachers play an important role in shaping ideal and unique students with scientific, democratic, spiritual and universal principles. High moral values and a positive sense of globalization are the main concerns of our college. Many of our students and faculty are presenting research papers in national and international conferences and many have published their efforts in reputed research journals. Our quality in academic and related fields is recognized by NAAC committee.

Above all, values regarding gender equality inculcated in our students are important. It encourages us to strengthen the social environment, fundamental human rights, responsibilities, equal valuation of both girls & boys of our campus in particular and the surrounding area in general. My sincere thanks to the expert team members who audited our campus.

Figure: 5 Gender wise Details of Teaching staff in College

The total number of male teaching staff is more as compares to female. Not with standing mandatory female reservation policy of the state government female teachers are significantly less than the male. This may be due to the fact that well educated female work force has been less. It is improving in the last few decades but not sufficient enough to be reaching to 50% mark. Compared to other colleges in the area this college certainly stands out in terms of women participation in teaching. This proves that Maharashtra men are empowering as time travels. It's also a need of Institution to have more female teachers with more girl's students.

Figure:7 Gender wise Details of Non-Teaching staff in College

But it is hoped that it can be improved in the future. Otherwise it is not suitable for college students for administration. This issue has been discussed with the principal of the college during audit. According to him the management has complete awareness about the issue. They prefer female candidate at the time of interview and appointment of staff. It is also observed by the management that attrition rate is alarming in case of women staff because of their migration after marriage. The college makes it sure to have presence of women teacher in the office and student facility center during the peak hours. Such kind of practical approach by the head of the institution is well appreciated.

Table: 8 Gender wise Details of total students in NCC

Sr. No.	Year	Total	male	Female	% M	% F
